## Letter from Premier Tim Houston

Dear PC Party Members,

It's hard to believe that almost a year has passed since Nova Scotians re-elected our PC government with an even stronger mandate. Nova Scotians believed in our vision and our path forward, and they told us to keep going. That trust is something we will never take for granted and our foot is firmly on the gas.

Over the past year, our government has worked every day to deliver on that vision. We are creating jobs by saying yes to the responsible development of our natural resources and creating new opportunities in both traditional industries and emerging ones like offshore wind and natural gas. We continue to build up health-care by recruiting more doctors and nurses, modernizing hospitals, and improving access to care in every corner of the province. And of course, keeping our promises to lower income tax and the HST for workers and families, making life more affordable for Nova Scotians.

The challenges we face as a province are real, but so are the opportunities. Our PC team is focused on ensuring that Nova Scotia has the strength to stand on its own, to grow our economy, and to build a resilient future for the next generation.

As we look ahead to our PC Annual General Meeting this February, I am excited to join you in celebrating the progress we've made together. It will be a time to reflect on how far we've come as a party and province. It will also be an important time to prepare for the important work that still lies ahead.

It was thanks to the hundreds of volunteers like you across our province that we saw the success we did in 2024. Thank you for your continued support of our party and our PC team.

## Letter from PC Party President David Bond

Fellow Progressive Conservatives,

As we approach the anniversary of our landslide 2024 election victory, I want to take a moment to thank you, our members. Your dedication, support, and passion for our party have made this past year one of progress and pride.

I am incredibly grateful for the work of our members, Executive, MLAs, staff, and volunteers who have given their time and energy to help deliver on the promises we made to Nova Scotians during the last election. Together, we have shown what is possible when a strong team pulls in the same direction. Nova Scotians are responding to our vision and efforts.

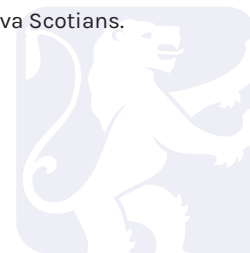

Our PC Party continues to be the party that builds up Nova Scotia. We are powered by people like you who care deeply about our communities and are determined to see our province grow and succeed. From creating opportunities to unlocking our province's

full potential, we are proving that Nova Scotia's best days are ahead. The time of governments saying no to opportunity is over – our team is saying yes to building a stronger, more prosperous, and more self-reliant province.

I am looking forward to seeing many of you at our AGM this February. It will be a time to reconnect, celebrate our accomplishments, and renew our focus on the work ahead.

Let's stay united in our mission to serve Nova Scotians.

**David Bond**  
President of the PC Party of Nova Scotia
