Letter from
Premier Tim Houston

Dear PC Party Members,

I'm looking forward to seeing many of you again at our 2027 PC Party AGM, taking place February 5–7 at the Westin Nova Scotian in Halifax.

The conversations I have with members over AGM weekend each year energize me and our elected PC team. We have much to be proud of, as our PC government continues to make progress in protecting our future and building Nova Scotia.

That means getting projects moving. From offshore wind and onshore and offshore oil and gas to defence projects and mining, we are moving the needle. As I meet with business leaders around the world, it's clear they are giving our province another look.

After more than a decade of NDP and Liberal governments shutting down development and opportunities in our province, our PC Government has taken action.

Together, these projects have the potential to change the trajectory of our province. By responsibly developing our resources and growing our economy, we can generate the revenue needed to fund better healthcare, stronger schools, and safer roads without continually reaching deeper into the pockets of Nova Scotians.

Our goal is clear: To transform Nova Scotia from a have-not province into an energy and economic powerhouse. We want to build a province where our children and grandchildren can find opportunity here at home, close to their families and the communities they love.

Change of this scale does not happen overnight. It requires ambition, courage and commitment. It also requires steady leadership focused on practical results. I know our PC team, including our MLAs, members, volunteers and supporters like you, has the determination to see this work through.

That is the kind of leadership Progressive Conservatives have always stood for.

Our Annual General Meeting is a chance for Progressive Conservatives from across the province to come together, exchange ideas, and prepare our party for the work ahead.

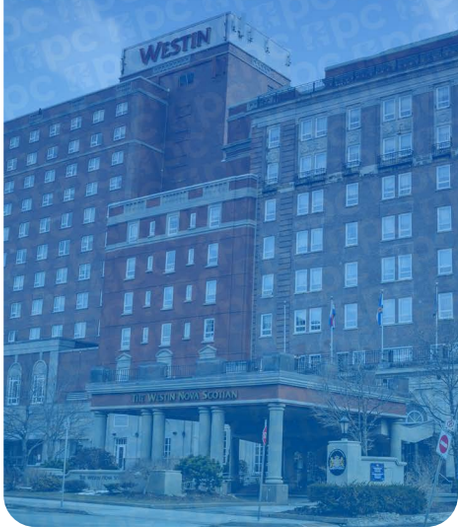

Thank you for your continued support of our party and our PC team. I hope to see you in February.

Tim Houston
Leader, PC Party of Nova Scotia
Premier of Nova Scotia

Letter from
David Bond President of the Nova Scotia PC Party

Fellow Progressive Conservatives,

As another year draws to a close, we have much to celebrate and reflect upon as a party.

Our PC movement continues to thrive across Nova Scotia. Constituency Associations are holding fundraisers, organizing gatherings, welcoming new members, and keeping our party active in communities throughout the province. From Yarmouth to the new riding of Chéticamp-Margarees-Pleasant Bay, Progressive Conservatives like you are doing the work that keeps our party strong.

Our recent by-election victory in Chéticamp-Margarees-Pleasant Bay showed that Nova Scotians continue to place their trust in our PC team to protect our future and build Nova Scotia. It also demonstrated the strength of our party organization. Our members and volunteers are ready to do the work required to support our PC MLAs and elect new ones across the province.

None of that success would be possible without grassroots members like you. You roll up your sleeves and contribute in countless ways. Whether you volunteer your time, make a generous donation, offer your advice, or do all three, your contribution matters. A political party is only as strong as the people who stand behind it, and we are fortunate to have dedicated and hardworking Progressive Conservatives in every corner of Nova Scotia.

It is those people who make me look forward to our Annual General Meeting each February. Our AGM brings Progressive Conservatives from across the province together to reconnect, exchange ideas, plan for the future, and renew our commitment to our party and our province.

I am excited to join our Premier, MLAs, members, and volunteers at the Westin this February. I hope you will be there as we celebrate what we have accomplished and prepare for the important work ahead.

Thank you for everything you do to keep our party strong, active, and ready.

David Bond
President, PC Party of Nova Scotia
